

Hello Mosaic Families,

The wall of noise grows louder each day as the world adapts to COVID-19. Our encouragement to you as you lead your family is to continue (or begin!) the disciplines that **help kids find a lifelong faith**. Pray, read scripture, and listen to God-honoring music - it really is that simple. In the midst of tumult, we can still ground ourselves in the unshifting Rock.

Each week our team will provide you with resources...if they overwhelm you, ignore them! We hope that this small selection of tools and resources help provide some stability.

Finally, as we all self-isolate to protect the most vulnerable of our population, we seek new ways to remain in connection. If you are overwhelmed by the circumstances you're finding yourself in, don't move forward alone! Email/text/call and we will attempt to find you who/what you need.

Trusting His goodness,

Matt Noetzel | *Mosaic Family Ministries*
